

Printers Compatible with Unikon

Unfortunately, there are far too many printers available in the market to maintain a comprehensive compatibility list for every printer manufacturer. Before purchasing a printer for use with the UNIKON, check the minimum requirements for the printer. If the printer REQUIRES Windows, Linux or MAC O/S it will likely NOT work. We have attempted to perform compatibility tests with a number of popular printers. These three are available for purchase directly from the manufacturer from their internet WEB SITE.
